

## CCS Students Participate in D-Day Flag Ceremony in Normandy

Members of the 2007 graduating class at Conway Christian School are heading to college with a fuller understanding of America's unique heritage – thanks to all they learned recently on their senior trip. The school's annual Christian Heritage Tour of Britain and France emphasizes America's historical roots in Britain, including the Biblical values on which the nation was founded. In London, the tour visits Westminster Abbey, the Tower of London and other sites, and in France the focus is on American courage and sacrifice on D-Day. Students on this year's senior trip participated in the flag-lowering ceremony at the World War II American Cemetery overlooking Omaha Beach in Normandy.
